

THE GIORGI COMPANIES' STANDARD TERMS AND CONDITIONS OF PURCHASE

(Giorgio Foods, Inc., Giorgi Mushroom Company, Giorgio Fresh Co., Can Corporation of America, Inc.,
Maidencreek Plaza Co., and CF Logistics, LLC)

ACCEPTANCE. Any acceptance of this Order is limited to acceptance of the express terms of the offer contained on the face of the Order and these Standard Terms and Conditions of Purchase. Any proposal for additional or different terms or any attempt by Seller to vary in any degree any of the terms of this offer in Seller's acceptance is hereby objected to and rejected, but such proposals shall not operate as a rejection of this offer unless such variances are in the terms of descriptions, quantity, price or delivery schedule of goods or services, but shall be deemed a material alteration thereof, and this offer shall be deemed accepted by Seller without said additional or different terms. Additional or different terms or any attempt of Seller to vary in any degree any of the terms of this Order shall be deemed material and are objected to and rejected, but this Order shall not operate as a rejection of Seller's offer unless it contains variances in the terms of the description, quality, price or delivery schedule of the goods or services.

CONTRACT. The contract resulting from the acceptance of this Order shall be construed according to the laws of the state from which the Order issues, as shown by Buyer's address on the face hereof including the Uniform Commercial Code as adopted in that state. All disputes between Seller and Buyer arising from this Contract shall be resolved in the state or federal courts of said state. Seller and Buyer recognize that the Uniform Commercial Code does not normally apply to the performance of services as distinguished from transactions in goods. However, Seller and Buyer agree that the Uniform Commercial Code shall apply to the entire contract created by the acceptance of this Order, including the provision for rendering of services. Seller agrees that it is a "merchant" dealing in goods or services of the kind involved in this Order. In the event of any conflict between the terms and conditions of purchase and the description of goods or services, the description shall take precedence. Any changes, clarifications, additions or waivers of this Order must be in writing signed by the Buyer. Neither this Order nor any of the rights or obligations under it may be delegated or assigned by Seller, in whole or in part, by operation of law or otherwise without Buyer's express written consent and any contrary action by Seller shall be void and without effect.

SPECIFICATIONS. Seller shall provide all specifications for such equipment or services as are the subject matter of this Order, and if agreed to by Buyer such specifications shall be and become an integral part of this Contract. Seller shall not change any such specifications without the written consent of Buyer.

TERMINATION/CHANGES. Buyer may terminate this Contract in whole or in part at any time upon giving written notice to Seller. Termination charges, if any, shall be subject to negotiation by the parties, but in no event shall exceed the lesser of either (a) purchase price under this Order or (b) Seller's actual cost, determined in accordance with general accepted accounting principles, on the date termination notice is received by Seller, plus an equitable pro rata profit for partial performance. All goods and materials for which Buyer pays termination charges shall be promptly delivered to Buyer. Nothing in this paragraph shall affect either Buyer's or Seller's rights in the event of cancellation due to breach by the other. Buyer shall have the right at any time to make changes, within the availability of Seller to perform, in this Order, in whole or in part, including but not limited to, changes in drawings, design, specifications, materials, packaging, time and place of delivery, method of transportation, and nature and method of services provided or performed, upon giving Seller written notice.

QUANTITY. Buyer reserves the rights to reject, return, or hold for return, all quantities shipped and delivered in excess of the exact quantities stated on the face hereof this Order. Buyer and Seller, prior to issuing this Order, mutually must agree to any and all specific overrun quantity for any and all items stated in this Order. Failure of Seller to remove overrun items not approved for delivery under this order subjects Seller to storage and handling charges by Buyer. Any goods shipped in excess of the exact quantity of this order are deemed not to be property of Buyer, as such, risk of title and loss does not pass to Buyer while stored on Buyer's premises.

PERFORMANCE AND DELIVERY SCHEDULES. Time is of the essence with respect to delivery and performances. Services are to be performed and deliveries are to be made both in quantities and at time specified in Buyer's schedules. Buyer may change or direct temporary suspension of delivery or performance schedules at any time. If such suspensions delays the work or delivery of materials (without Seller's fault) the time for performance will be reasonably extended as Buyer permits.

DELAYS IN DELIVERY OR PERFORMANCE. Seller will notify Buyer in advance of any actual or potential delays in meeting delivery or performance schedules. If, for any reason, Seller does not comply with Buyer's delivery or performance schedule, Buyer may, at its option and without liability or waiver of its legal remedy, terminate or cancel this Order and Contract.

WARRANTIES. Seller expressly warrants that all goods and services covered by this Order will conform to and perform in accordance with such specifications as are set forth in the Order (or if none, then to Seller's specifications, performance standards, instructions, drawings, data, samples and other descriptions, or to such specifications and performance standards as have been negotiated between Seller and Buyer); will be brand new and not contain any used components, will be of good material and workmanship and free from defects; will be fit and sufficient for purpose intended by Buyer; and will be delivered free from any

security interest or any lien or encumbrance. These warranties are in addition to all other express, implied and statutory warranties. None of the remedies available to Buyer for breach of any of the foregoing warranties may be limited except to the extent and in a manner agreed upon by Buyer in a separate agreement specifically designating such limitation and signed by an authorized representative of Buyer. Payment for, inspection of, and receipt of goods or services shall not constitute a waiver of any breach of warranty. Substitutions may be accepted at Buyer's option.

LICENSES. For all software, including without limitation device drivers, firmware and any necessary software for the proper operation and support of the goods (collectively "Software"), Buyer and its affiliated and related companies are granted a perpetual, non-exclusive, non-transferable, irrevocable, royalty-free, worldwide right and license to use, reproduce, prepare derivative works of and distribute the Software in connection with Buyer's use and further sale of the goods including without limitation, distribution in electronic form. Seller agrees to provide all updates and modifications to the Software to Buyer without additional charges. Any license fees for Software shall be included in the purchase price or any other amounts payable under the Contract.

FURTHER RIGHTS. Seller agrees that Seller's descriptive materials, including but not limited to, operation manuals, are included in the purchase price. Seller further agrees that any information, drawings, know-how, specifications, designs, concepts, techniques, developments, inventions, technologies and other work product generated or developed in the course of work performed under the Contract by Seller and any intellectual property and other proprietary rights therein or thereto shall be deemed "work-for hire" and shall vest in Buyer. Seller assigns or shall cause to be assigned to Buyer all right, title and interest to any and all such items and rights and to do everything necessary to perfect such rights and to protect Buyer's interest therein. Seller shall inform any third parties who might seek recourse thereon of Buyer's proprietary rights, and Seller shall immediately inform Buyer of such an event.

INFRINGEMENT. Except to the extent solely due to Buyer's specifications, Seller warrants that the sale, resale and use of goods or services and any other activities related to the goods and services, including but not limited to the manufacturing of Buyer's products, without territorial restrictions, will not infringe any United States or foreign patent, copyright, or trademark, or the proprietary rights of another person and Seller agrees to defend, protect, indemnify and hold harmless Buyer and its affiliates and their respective successors, assigns, employees, officers, directors, customers and users of its products against all suits at law or in equity, and from all loss, liability, damages, claims and demands, including costs, expenses, and attorney's fees, for the actual or alleged infringement of any patent, copyright, trademark, or other intellectual property right, or for any actual or alleged unfair competition resulting from similarity in design, trademark or appearance of goods or services by reason of the sale, resale or use of such goods or services. Buyer may be represented by and actively participate through its own counsel in any such suit or proceedings if it so desires.

SELLER'S FINANCIAL CONDITION. If, in Buyer's opinion, Seller's financial condition is found to be or becomes unsatisfactory to Buyer and Buyer thereby deems itself insecure, Buyer may terminate this Order and also terminate all other contracts covering purchases by Buyer of Seller's products, goods or services whether or not Seller may otherwise be in default under such contracts, and no rights shall thereby accrue to Seller against Buyer.

REMEDIES. The remedies in this Order shall be cumulative and in addition to any other legal or equitable remedies available to Buyer. No waiver by Buyer of any breach of any provision of this Order shall constitute a waiver of any other breach of such provision or of any other provision or right. No failure or delay by Buyer to exercise any right, power or privilege hereunder shall operate as a waiver thereof.

INFORMATION DISCLOSED TO BUYER. All information, which Seller has disclosed or may disclose to Buyer in connection with this Order, shall not, unless Seller shall have obtained Buyer's specific written agreement otherwise, be deemed to be confidential or proprietary information and is acquired by Buyer free of any restrictions.

If Seller's work under this Order involves either operations or the presence of Seller, its agents, contractors, subcontractors or invitees on the premises of Buyer or of one of its customers, such work shall be done on an independent contractor basis and not as an employee of Buyer, Seller shall take all necessary precaution to prevent the occurrence of any injury to person or damage to property during the progress of such work. Except to the extent that such injury is due solely to Buyer's or its customer's negligence, as the case may be, Seller shall defend, indemnify and hold harmless Buyer, its affiliated and related companies, and each of their successors, assigns, employees, officers, directors, shareholders, guests, customers, and its and their invitees against all losses, damages, claims and liabilities, and costs and expenses (including reasonable attorneys' fees), which may result in any way from any act or omission of Seller, its agents, employees, invitees, contractors or subcontractors.

INSPECTION. All goods shall be subject to inspection and testing by Buyer, at no additional cost, at all reasonable times and places, including inspection and testing after arrival at destination, and, when practicable, during manufacture. In case any goods are found to be defective in material or workmanship or otherwise not in conformity with this Order, Buyer has the right to reject such goods or require their correction. Except as otherwise provided in this Order, Seller (a) is responsible for all goods, and for the risk of loss thereof, until they are delivered at the designated delivery point, regardless of the point of inspection, and (b) shall bear all risks as to rejected goods after notice of rejection. Seller warrants that prices shown on this Order shall be complete and no additional charges of any type shall be added without Buyer's express written consent. Such additional charges include, but are not limited to, shipping to point of delivery, packaging, labeling, labor, material, taxes, storage, insurance, boxing, and crating.
